One of nature’s strongest textures, wood comes to light as a refined design. Alek chair series offer a simple naturalness with its oval-shaped wooden frame.

Alek invites you to a comfortable seating experience. Its armrests and back are designed as a single structure. The cylindrical wooden legs extend diagonally from the armrest level to the ground, bringing an aesthetical contrast to the oval-formed backrest.

Product Details

Alek invites you to a comfortable seating experience. Its armrests and back are designed as a single structure. The cylindrical wooden legs extend diagonally from the armrest level to the ground, bringing an aesthetical contrast to the oval formed backrest.

The warmth of wood dominates the visual impact as it unifies with a smooth cushion seat. The fresh look of wood reinforces the feeling of comfort.
