Seri

It is a modern table design that can accommodate at home, at the manager’s office or at a restaurant, with a choice of circular and elliptical tables and table-compatible feet. The center foot replaces the center of the carrier, which is formed by metal profiles side by side.

The elliptical form produced by the recurrent metal tubing side-by-side reveals the original design of the Seri table. Consecutive metal pipes which are in the form of repeating elliptical oval shape of the top. The top can be ordered in wood, marble, laminate, lacquer or natural stone.
