Fly

Low Table

Fly

A low table collection that brings together elegant material choices and a refined structural design.

Indoor

Characterized by clean geometric lines and a light, balanced silhouette, it offers a visually delicate yet durable presence. The precision-bent metal base complements a variety of tabletops available in natural wood veneer, lacquer, laminate, Fenix, or Neolith. The base can be finished in any color from B&T Design's electrostatic powder coating collection.
