SET

Meet the SET family, which brings the style of B&T’s new designs with their contemporary and sophisticated look to the outdoors! Using suitable materials for outdoor conditions by preserving the same design language, B&T reshapes its unique forms characterizing the indoor spaces and the authentic lifestyle that it has created, and its new designs erase the boundaries between the indoors and outdoors.

Set

Sofa

Outdoor

With a large seating area filling its bending form and a curved back structure supporting the natural leaning position, the SET family creates a comfortable, spacious and inviting seating area.

Product Details

Offering the flexibility of alternative use in the outdoor and semi-outdoor spaces such as gardens and terraces of living areas, restaurants and working areas, the single, double and three-seat and lounger sofas of SET increase the pleasure of sitting next to one another and embraces the user with their rounded forms.

The SET family creates a stylish world with its contemporary form and completely removes the distinction between indoors and outdoors, while it adds a dynamic and unique expression to its design with its curved, thin aluminum legs in contrast with its massive form.
